

L-key with cross handle electric hexagon 6.0mm (27930)

Simplifies your work: more power when screwing due to the leverage effect of the cross handle shape.

Increases your efficiency: handle size concept for an optimal balance between power and control.

Offers you full protection: each tool individually tested at 10,000 V AC and approved for 1,000 V AC.

Application: For hexagon socket screws.

Handle: VDE insulated cross handle.

Blade: Chrome vanadium steel, through hardened, burnished.

Blade: Protective insulation sprayed directly onto the blade.

For electrical applications

VDE and GS tested

Tested according to IEC 60900.

- Blister packaging: No
- ESD Article: No
- Hexagon socket 1 (mm): 6 mm
- Handle diameter: 32 mm
- Length cross handle blade: 150 mm
- Total length (mm): 182 mm
- width handle (cross handle): 100 mm
- with battery: No

item number	WL72103
Alternative item description	334N060150
manufacturer	WIHA
manufacturer item number	27930
GPSR manufacturer information	Wiha Werkzeuge GmbH Obertalstraße 3-7 DE-78136 Schonach www.wiha.com
order unit	1 piece
content unit	1 piece
standards	Tested according to IEC 60900.
product series	334N
VDE	yes

Products for the electronic industry

ESD safe	no
packaging mass	piece
hexagon socket	6 mm
blade length	150 mm
