

## Fine screwdriver PicoFinish® Phillips PH000 x 40mm (43369)

Makes handling easier: Extra long twist cap allows for optimal guidance.

Increases your efficiency: screwdriver handle size concept for an optimal balance between precision and control.

Increases your precision: Sensitive working and controlled power transmission thanks to slim handle with soft grip zone.

Application: Ideal for fine and delicate screwdriving work in precision mechanics, model making and hobby applications.

Material: Chrome-vanadium molybdenum steel, matt chrome-plated.

The challenge in precision mechanical screwdriving is to work precisely and sensitively without damaging the workpiece. The PicoFinish® fine screwdrivers from Wiha are ideal for fine and delicate work in precision mechanics as well as in hobby and model making, thanks to their long, slim handles and quick-turn zone. The ergonomic handle design with soft zone enables comfortable working. Sensitive and fast turning is supported by the smooth-running turning cap. Furthermore, the imprinted screwdriver symbols on the twist cap make it easier to select the correct screwdriver profile.
