

L-key set in compact holder hexagonal ball end 10 pcs. short, matt chrome plated (40410)

Simplifies your work: ball head facilitates access to screws and allows you to work at an angle of up to 25°.

Increases your efficiency: Improved accessibility due to short leg.

Reduces your costs: Durable due to high-quality chrome-plated pin wrench surface against rust.

Saves space: All common wrenches compactly and space-savingly accommodated.

Application: Especially for screws that are difficult to access.

Extra: Spherical head allows screwing at an angle of up to 25°.

Extra: Due to its compact shape, this holder fits perfectly in any folding rule pocket.

Extra: Common wrench sizes are neatly stored in the holder.

Blade: Chrome vanadium steel, through hardened, matt chrome plated.

Based on ISO 2936L.

Contents:
