

Flashlight with LED, laser and UV light in blister incl. 3x AAA batteries 100 - 310 lm (41286)

Simplifies your work: Retaining clip and magnetic positioning option on the ground allow free hands for other activities.

Simplifies your work: Integrated laser facilitates detailed positioning and transfer of dimensions e.g. ceiling mounting. Perfect light positioning due to swiveling lamp head in L-shape.

Increases your efficiency: Very powerful LED light - adaptable to all lighting conditions thanks to two light levels. Incl. laser and UV light.

Increases your safety: Switch-on time of 2 seconds prevents accidental activation of the laser.

Application: Laser for positioning drill holes in the ceiling. UV light suitable for technical inspections. Powerful LED light with two light levels adaptable to the given lighting conditions.

The multifunctional flashlight brings light into the darkness in three ways. With integrated laser, UV and LED light, it is a universal work tool. In the LED light function, it offers two light levels through which it can be adapted to the given lighting conditions and thus improves the field of vision. The practical retaining clip and magnetic positioning option allow free hands for other activities. Thanks to the built-in magnet, the flashlight can thus be positioned on most control cabinets. In addition, the lamp head, which can be swiveled to an L-shape, enables variable light alignment to the respective application. The integrated laser makes it easier to determine the position and transfer dimensions, e.g. when mounting lamps on ceilings. Accidental activation of the laser is prevented by the

duty cycle of 2 seconds. In addition, the integrated UV light makes the flashlight ideal for technical inspections.

For electrical applications

- Blister packaging: Yes
- ESD Article: No
- Laser: Class 2
- LED min: 100 lm
- LED max: 310 lm
- LED (min - max): 100 - 310 lm
- UV min: 390 nanometer
- UV max: 400 nanometer
- UV (min - max): 390 - 400 nm
- With battery: Yes
- Battery: 3x AAA batteries
