Socket tester 230 V AC, CAT II incl. 2x AAA batteries (45220)

Makes handling easier: Schuko plug with flexible cable facilitates access.

Simplifies your work: Easy fault determination by means of LED display.

Dimensions: 9.0 x 7.5 cm

Application: For testing and fault detection of Schuko sockets, cable drums and extension cables.

Measurement category: CAT II up to 300 V.

Has the socket outlet been connected correctly? The socket tester from Wiha makes it easy to check Schuko sockets for correct wiring. Errors are clearly signaled by an LED display and assigned to the cause of the error. Thanks to a flexible cable on the Schuko plug, the socket tester from Wiha can also be used in cramped working situations and enables easy reading of the measurement results at any time. In accordance with the measurement category CAT II up to 300 V, the socket tester from Wiha offers maximum safety when working on circuits.

EN 61010-1 (DIN VDE 0411-1). IP 40. CE certified.

• Total length (mm): 93 mm

- Width (mm): 75 mm
- Height (mm): 31 mm
- Rated voltage: 230
- Frequency (MHz): 50 MHz
- Pollution degree: 2
- Measurement category: CAT II 300V
- Overvoltage protection: 300V
- Max. tolerated voltage: 5V
- Protection class: IP 40
- Operating temperature: -10°C - 50°C
- Storage temperature: -10°C - 50°C
- With battery: Yes

Alternative item description	SB25561
item number	**WL72811**
manufacturer	WIHA
manufacturer item number	45220
order unit	1 piece
content unit	1 piece
product series	25560
VDE	no
ESD safe	no
packaging mass	piece
