

L-key set in ErgoStar holder hexagonal ball head 10 pcs. luminous colored in blister (43849)

Simplifies your work: ball head facilitates access to screws and allows you to work at angles up to 25°.

Lowers your costs: Reduces "risk of forgetting" in a machine and resulting consequential damage.

Facilitates handling: Always the right wrench in the right place with the ErgoStar holder.

Saves time: Keeps things tidy: Removal and defined insertion into the holder is child's play.

Increases your efficiency: Colored pen keys can be found quickly and easily - even in dark surroundings thanks to luminous paint with UV light.

Increases your efficiency: Quick selection of the required wrench size through color assignment.

Application: Suitable for screwing in hard-to-reach places as well as inserting and screwing into horizontal, slanted or deep blind holes.

Who does not know this? With many pin wrench holders, it is awkward to remove individual wrenches or return them to the holder. But the Wiha ErgoStar now puts an end to this, because it solves this problem in an ingenious way. The rotation of a single pin wrench in the holder causes all the other wrenches to turn sideways at the same angle, enabling fast and convenient removal. A clamp in the holder ensures that the keys cannot fall out both when the holder is closed and when it is open. In addition, the colored pin keys can be found quickly and easily and, thanks to the luminous paint, are easy to find even in the dark with UV light. This reduces the search time for lost pin wrenches and when servicing equipment, the risk of forgotten tools in the machine is reduced. The hexagonal ball head enables effortless bolting at angles of up to 25°. The pin wrench set contains nine colored hexagonal pin wrenches in common sizes.

For applications in mechanics

Contents:

1x pin wrench hexagonal ball head colored luminous 1.5mm (41894)

Products for the electronic industry

- 1x L-key hexagonal ball end colored luminous 2.0mm (41895)
- 1x L-key hexagonal spherical head colored luminous 2,5mm (41896)
- 1x L-key hexagonal spherical head colored luminous 3,0mm (41897)
- 1x L-key hexagonal spherical head colored luminous 4,0mm (41898)
- 1x L-key hexagonal spherical head colored luminous 5,0mm (41899)
- 1x L-key hexagonal spherical head colored luminous 6,0mm (41900)
- 1x L-key hexagonal spherical head colored luminous 8,0mm (41901)
- 1x L-key hexagonal spherical head colored luminous 10,0mm (41902)
- 1x ErgoStar holder
- Blister packaging: Yes
- ESD Article: No
- with battery: No

Alternative item description	SB369E9F01
item number	WL72843
manufacturer	WIHA
manufacturer item number	43849
order unit	1 piece
content unit	1 piece
product series	369F
VDE	no
ESD safe	no
packaging mass	set
