

L-key set in ProStar holder hexagonal ball end 10 pcs. matt chrome plated in blister (07192)

Facilitates handling: sliding function for one-handed opening of the holder and easy, quick removal.

Simplifies your work: Spherical head facilitates access to screws and allows working at an angle of up to 25°.

Reduces your costs: Durable due to high-quality chrome-plated pin wrench surface against rust.

Application: Especially for screws that are difficult to access.

Bit holder: Only for 6 mm slimBits.

Extra: Space-saving ProStar allows easy removal of each individual wrench without moving others.

Extra: Spherical head allows screwing at an angle of up to 25°.

Blade: chrome vanadium steel, through hardened, matt chrome plated.

In accordance with ISO 2936L.
