

## Voltage tester Volt Detector non-contact, single-pole, 90 - 1,000 V AC incl. 2x AAA batteries (43798)

Saves time: Fast voltage testing through non-contact measurement.

Increases your efficiency: thanks to internationally adapted measuring tip, can be used for all sockets worldwide.

Application: For detecting and locating live conductors, cable interruptions and breaks, blown fuses, defective lamps on fairy lights as well as single strand detection.

Before beginning an electrical installation, electricians must ensure that the work environment is free of voltage. A voltage tester is needed to test alternating electric fields or to locate suspected sources of faults. An initial indication of whether there is no voltage is possible with the Wiha non-contact voltage tester thanks to its optical signal. After switching on, the permanently green LED indicates that the device is ready for operation. If voltage is present, the red LED lights up, which is also easy to read in daylight. Two AAA batteries are required for use, which are included in the scope of delivery. Thanks to its handy size, the voltage tester with clip fits comfortably in any shirt or trouser pocket.

Thanks to the internationally adapted measuring tip, the voltage tester is suitable for all socket variants worldwide. The single-pole voltage tester is subject to the EN 61010-1 / IEC 61326 standard and is designed for CAT IV 1,000 VAC.

For electrical applications

Before and after each use, test the voltage tester on a known voltage source to ensure proper operation.

- Blister Pack: No
- ESD Item: No
- Handle diameter: 28.5 mm
- Total length (mm): 150 mm
- Voltage V AC (min): 90
- Voltage V AC (max): 1000
- Voltage V AC min - max: 90 - 1000
- ATEX approval: No
- Integrated flashlight: No
- Non-contact voltage test: Yes

- Measurement category: CAT IV 1,000 V
- Protection class: IP 67
- With battery: Yes
- Battery: 2x AAA batteries

Alternative item description	SB25514
<b>item number</b>	<b>WL72880</b>
manufacturer	WIHA
manufacturer item number	43798
order unit	1 piece
content unit	1 piece
product series	25514
VDE	no
ESD safe	no
packaging mass	piece
