ESD PU Replacement Insole for Birki Air, Size 44, Black

The antistatic PU replacement insole with a black fleece lining can be retrofitted and replaced in the Birki Air Antistatic. Important note: Please note that the Birki Air Clog Antistatic can only exhibit its antistatic properties when used in combination with the Birki Air replacement footbed. This means that these properties are not present when a conventional footbed is used. The Birki Air Antistatic footbed can be washed and disinfected at temperatures up to 60 °C.

- Replaceable footbed
