

PHXLS support for PCBs, up to 510 x 610 mm

This support is perfectly adapted to any type of big-sized PCB up to 510 x 610 mm / 20 x 24 in. by means of its many adjustable elements.

It allows fast, easy and precise PCB changing, guaranteeing a proper positioning, ideal for repetitive soldering jobs which means saving time and optimizing workflow.

It can provide up to 3 height sizes.

When combined with the PHXLE Preheater its built in slots ensures a precise board-preheater alignment to always heat the same area. It is also possible to use the PH Metallic PCB Support Range for your working level. Arranging them between the board and the Preheater stabilizes and prevents the PCB deflection.

- many adjustable elements
- for PCBs up to 510 x 610 mm / 20 x 24 in.
- quick, easy and precise changing of PCBs

- helps to find the correct positioning
- ideal for repetitive soldering operations
- can provide up to 3 height dimensions

item number	WL73667
model	PHXL-SA
manufacturer	JBC
manufacturer item number	PHXL-SA
GPSR manufacturer information	JBC Soldering SL Ramón y Cajal 3 ES-08750 Molins De Rei www.jbctools.com
length	753 mm
width	737 mm
length with packaging	820 mm
width with packaging	800 mm
height with packaging	240 mm
order unit	1 piece
content unit	1 piece
height adjustable	780 – 980 mm
ESD safe	yes
