

## Micro desoldering tweezers tip knife straight RTWMS 060 K

- Micro desoldering tweezers tip
- 2 x 40 W, 12 V
- Extremely fast 5-second heat-up time for maximum productivity
- Maximum protection: Military standard, Mil-Spec compliant and fully compliant with IPC industry standards (IPC - TM-650 2.5.33 Measurement of Electrical Overstress from Soldering Hand Tools)
- RTWMS Desoldering Tips for WTMT/ WXMTS Desoldering Irons
- Highest precision in soldering process due to short distance between tip and handle and optimized tip design; Precise positioning due to unique parallel sliding block guide; No alignment after tip change due to paired design (pre-aligned tips > time saving > increases productivity); Adjustment functions with Allen key: 1.5 mm possible if required ( $\pm 80^\circ$  rotation angle adjustment + vertical length adjustment of  $\pm 1.2\text{mm}$ ); Intelligent desoldering tweezers tips (allows automatic tip offset)
- Fastest desoldering tweezer tip change: Active Tip Cartridge System allows easy tip change even with hot desoldering tweezers, without the need for an additional tool or adjustment
- Improved comfort and safe handling due to new ergonomic softgrips
- Unique smart desoldering tweezers: Automatic Smart Tweezers tip identification; Full

traceability with tweezer tip ID number and integrated data storage; Accurate data results with tip offset function; Full process control with tip lock function.
