

Soldering tip knife, 2.8 x 0.2 mm, C105129

C105 cartridges are the smallest of the JBC range.

They are appropriate for soldering and repairing very small-sized components at high precision, even under a microscope.

C105 works with NT105 Nano Soldering Iron and NP105 Nano Tweezers.

JBC Long Life Tips offer instant heat up, excellent heat transfer and great durability.

They last 5 times longer than other brands thanks to the JBC Most Efficient Soldering System and the Sleep & Hibernation features.

- smallest JBC soldering tip series
- suitable for soldering and repairing very small components
- high precision
- for nano soldering iron NT105

- suitable for nano tweezers NP105
- immediate heating
- excellent heat transfer
- long service life.
- JBC Most Efficient Soldering System
- Sleep & Hibernation functions

item number	WL74232
model	C105129
manufacturer	JBC
manufacturer item number	C105129
order unit	1 piece
content unit	1 piece
Tip series	C105
Soldering tip angle	20 °
soldering tip shape	beveled
tip length	106 mm
tip width	45 mm
tip thickness	12 mm
tip shape	knife-shaped
suitable soldering iron	NT105
suitable handpiece	NP105, NT105
ESD safe	no
tip diameter	0.2 mm
