

Induction soldering station FX 100

This high-frequency induction heating technology stands for maximum performance. It has been designed for fast, precise, reliable and energy-efficient soldering and meets ESD-safe requirements. Calibration is not necessary - the system is ready for use within a few seconds of being switched on. The integrated boost function provides additional energy when increased power is required. Thanks to its compact design, the device takes up very little space on the work surface.

Item no.	WL75074
Model	FX-100
Model line	FX
Manufacturer	HAKKO
Manufacturer article no.	FX 100-13
GPSR manufacturer data	TBK - Technisches Büro Kullik GmbH Industriestrasse 27 DE-56276 Großmaischeid www.kullik.com/

Products for the electronic industry

Length	127 mm
Width	150 mm
Height	167 mm
Scope of delivery	FX 1001-81 soldering iron including: B 5006 - handle yellow, B 5007 - handle green B 5008 - handle gray for use with soldering tips series T31-01 (450°C) T31-02
Sales unit	1 piece
Content unit	1 piece
Colour	blue, yellow
Incl. battery	no
Power	85 W
Voltage	230 V
Temperature range °C	350 – 450 °C
Temperature stability °C	Bei Leerlaufemperatur $\pm 1,1$ °C
ESD compliant	yes
