

Pipe cutter for composite and plastic pipes with multi-component sleeves, 210 mm

Pipe cutter for composite and plastic pipes Up to 60% less effort: Freely rotatable cutting wheel allows low-friction rotation of the pipe during cutting. Optimal cutting result: Rotational movement allows effortless penetration of the cutting wheel with minimized deformation of the pipe. Wide plastic forming supports allow for perfectly square cuts. Cuts aluminum composite and plastic pipes more easily than conventional fixed blade shears. Also for composite pipes with increased aluminum layer thickness (such as Geberit Mepla). For cutting composite and plastic pipes up to Ø 26 mm. Allows very short correction cuts. With locking mechanism for safe transport. With ergonomic multi-component handles. Spare cutting wheel available (Art. 90 25 25 E01).

Item no.	WL81019
Model	90 25 25
Manufacturer	KNIPEX
Manufacturer article no.	90 25 25
GPSR manufacturer data	KNIPEX-Werk Oberkamper Strasse 13 DE-42349 Wuppertal-Cronenberg www.knipex.de

Length	210 mm
Width	81 mm
Height	38 mm
Length with packaging	210 mm
Width with packaging	81 mm
Height with packaging	38 mm
Sales unit	1 piece
Content unit	1 piece
Incl. battery	no
VDE	no
ESD compliant	no
Tool length	210 mm
Grip (expression)	Multi-component sleeves
