

Soldering station supply unit VARIO 1 MK2, 80W

With the i-CON 1 MK2, ERSA has developed a soldering station that meets the requirements of higher working temperatures and the increasingly smaller process windows of lead-free soldering processes. The extremely small, lightweight, ergonomic and powerful i-Tool soldering iron makes a significant contribution to improved quality, productivity and an enormous reduction in operating costs.

|--------------------------|-------------------|
| Item no. | WL81029 |
| Model | i-CON VARIO 1 MK2 |
| Manufacturer | ERSA |
| Manufacturer article no. | 0IC105V |
| Sales unit | 1 piece |
| Content unit | 1 piece |
| Incl. battery | no |

| | |
|----------------------------------|---------|
| RoHS compliant | yes |
| Tare weight | 3.1 kg |
| Power | 80 W |
| Heating time | 9 s |
| Soldering tip temperature (max.) | 450 °C |
| Temperature range °C (from) | 150 °C |
| Tip series | 142 |
| Soldering tip diameter | 1.6 mm |
| Replacement heating element | 016100J |
| Digital display | yes |
| ESD compliant | yes |
