

Low shoe 8543/8 gel. S1 PUR W11

uvex 1 safety shoes in protection classes S1 and S2 provide optimum protection and support for the human body's individual movements. Based on the latest physiological research findings and innovative technologies, the strain on the musculoskeletal system at work is reduced and the well-being of the safety shoe wearer is optimized. The ergonomic construction of uvex 1 safety shoes offers the perfect balance between protection and comfort. The design impresses with its clear lines and minimalism.

Particularly lightweight, versatile perforated S1 safety shoe

suitable for people allergic to chrome as they are made from synthetic materials

all sole materials are free from silicones, plasticizers and other substances that impair the wetting of coatings

individually adjustable, elastic laces with quick-release fastener

suitable for orthopaedic fittings and uvex medicare insoles

Item no.

WL81164

Products for the electronic industry
