

Safety shoes S2, PUMA SAFETY, ABSOLUTE MID, white

RESPONSIVE CUSHIONING WITH IQ.CELL. The special feature of the WHITE 'N SERVICE line from PUMA is the IQ.CELL - a gel cushion embedded directly in the heel area that acts like a trampoline. It absorbs shocks and energy and then gives it right back in the form of bounce. The ABSOLUTE MID safety boot with practical Velcro fastening is ideal for use in kitchens, laboratories or other floored work areas. This is because the special honeycomb structure of the anti-slip profile of the abrasion-resistant, flexible and lightweight outsole drains standing liquid, thus optimizing slip resistance.
