Safety shoes S3L, PUMA SAFETY, AMSTERDAM MID, black

STYLE MEETS SAFETY. Do safety shoes have to look like safety shoes? No, the AMSTERDAM MID from the PUMA SAFETY METRO PROTECT line with its high-quality nubuck leather upper skillfully combines lifestyle with high safety standards. It fits seamlessly into our modern working world. The unique outsole, made entirely of TPU, has performance features that are familiar from high-quality soccer boots - an extremely flat sole design, long durability, optimum traction and high flexibility. The raised toe cap protects the leather in the toe area against wear and tear, especially when kneeling. The IdCELL embedded directly in the heel area absorbs shocks and impacts as soon as the heel touches down and protects ligaments and joints. The evercushion® PRO footbed also ensures optimum cushioning and therefore long-lasting comfort.
