ESD safety shoes S1PL, PUMA SAFETY, ICONIC SUEDE GREY LOW, gray

Is this really a safety shoe? Of course it is! The new ICONIC from PUMA Safety, inspired by classic sports shoes, not only looks great, but also shines with its well thought-out features! The S1PL safety shoe with fiberglass toe cap and flexible penetration protection comes with a non-slip outsole that is heat-resistant up to 300°C and impresses with optimum grip and perfect cushioning. A rotation point incorporated into the sole in the midfoot area minimizes friction and fatigue. Thanks to the special arch support, the Evercushion® RELIEF footbed ensures optimum pressure relief and a natural position of the foot in the shoe. Shock-absorbing elements in the heel and forefoot area absorb vibrations and shocks when the foot touches down, making the ICONIC as comfortable as possible - even on long working days.

- Flexible FAP penetration protection
- insole: evercushion®RELIEF
- BreathActive functional lining
- HERITAGE sole
- Upper material: suede leather
