

Safety shoes S1P, ladies, PUMA SAFETY, CELERITY KNIT BLUE LOW, blue

SAFETY KNIT - STEP INTO COMFORT! Yes, this really is a safety shoe. The upper of the CELERITY KNIT BLUE WNS LOW is made of SAFETY KNIT®, a highly flexible and hard-wearing textile fabric that adapts perfectly to the foot and fits like a sock. TPU protective elements in the toe cap and heel area provide abrasion protection, especially when kneeling. More running shoe technology is in the sole. A combination of an ultra-lightweight midsole and a non-slip rubber outsole that is heat-resistant up to 300°C. A Torsion Control System embedded in the middle supports the natural movement of the foot and also provides more stability. The lightweight evercushion® MISS footbed with waffle structure keeps the inside of the shoe nice and cool and dry. The flexible FAP® penetration protection made of ceramic-coated fibers and a steel toe cap provide the necessary protection.

- Steel toe cap and flexible FAP® penetration protection
- TPU toe cap and heel protection
- SAFETY KNIT® upper
- BreathActive functional lining
- evercushion® MISS footbed
- MISS SAFETY MOTION rubber sole with Torsion Control System, 300 C heat-resistant

Item no.

WL81680

Products for the electronic industry

Manufacturer	PUMA
Manufacturer article no.	642900360000036
