ESD safety shoes S1, JETSTREAM LOW, black

The new, ultra-light AER55 models from the dual.IMPULSE line are strikingly sporty thanks to their innovative upper material. The trendy color combinations and the AER55 lettering on the inside of the shoe are further modern design elements. The JETSTREAM safety sandal rounds off the new additions to the well-known safety shoe line. As usual, the new models also come with a double-foamed IMPULSE.FOAM midsole with an energy return of up to 55% for fatigue-free working and ultimate comfort.
