

Safety shoes S3, RUNNER XTS LOW, black

SPORT & TREKKING MEET SAFETY. Cross-terrain safety shoe with innovations from the world of trekking. The RUNNER XTS LOW with fiberglass toe cap and metal-free, flexible FAP® penetration protection is the ideal safety shoe for professions that involve a lot of walking, such as construction or logistics. The high-quality oiled nubuck leather upper is water-repellent and easy to clean thanks to the few seams. The hard-wearing XTS sole (cross-terrain sole), which is heat-resistant up to 300°C and has differently shaped tread elements, provides grip on different surfaces and has self-cleaning properties. In combination with the shock-absorbing EVA midsole and the torsion protection element to support the joints during the natural rolling movement of the foot, the sole forms a perfect unit of innovative technology and comfort. A raised TPU overcap on the toe of the shoe protects it from wear and tear, especially when kneeling.

- Protection: fiberglass toe cap, metal-free, flexible FAP penetration protection
- Upper: oiled nubuck leather
- Plus: abrasion-resistant TPU toe cap protection, side reflective strips, TPU heel support system for more stability, softly lined textile collar and tongue
- Lining: breathable 3D functional lining
- Footbed: removable, anatomically shaped COMFIT insole
- Sole: SPORT XTS - 300°C heat-resistant, non-slip rubber outsole with TPU torsion protection

Item no.

WL82721

Products for the electronic industry

Manufacturer	ALBATROS
Manufacturer article no.	641460200000040
GPSR manufacturer data	Albatros GmbH Koggenweg 1 DE-59557 Lippstadt www.albatroswork.com
Sales unit	1 pair
Content unit	1 pair
Colour	black
Incl. battery	no
