

ESD winter jacket with hood, lightweight, black, 3XL

Discover the SafeGuard ESD winter jacket - the perfect combination of style and function! With its high-quality material mix of cotton, polyester and conductive yarn, this jacket not only offers protection against electrostatic discharge, but also a modern design in timeless black.

The practical side pockets and chest pocket offer plenty of storage space for your personal items, while the ESD logo on the sleeve subtly shows your connection to the electronics industry. The hood provides additional comfort and warmth on cold days. Thanks to the surface resistance of 10 Ohm to 10 Ohm, you can rest assured that you and your electronic devices are protected from unwanted electrostatic discharges. The SafeGuard ESD winter jacket is not only functional, but also stylish and versatile. Get ready for the cold season with the SafeGuard ESD winter jacket - your reliable companion for all outdoor activities. Order now and experience quality, comfort and protection in one product!

We now also offer you the option of customizing your workwear. Whether with your

Products for the electronic industry

company logo or another motif, we will implement your wishes and make your jacket unique. You can find more information at <https://www.weidinger.eu/de/individuelle-bedruckung>
