

ESD system trolley for Euro containers, 60 x 40 cm, height 200 cm, with 6 x 64/22 HG

Mobile organization in XL format. The ESD system trolley for Euro containers from AUER Packaging is the ideal solution if the ESD-sensitive contents of a particularly large number of Euro containers are required repeatedly at different workstations. All parts, including the castors, are made of electrically conductive plastic and are therefore safely protected against electrostatic charging.

- Sturdy aluminum profile
- High load capacity
- Lockable smooth-running castors
- Easy to roll even when filled

Item no.

WL83462

Manufacturer

AUER

Products for the electronic industry

Manufacturer article no.	ESD SE 200 6422.2
Length	718 mm
Width	500 mm
Height	2011 mm
Sales unit	1 piece
Content unit	1 piece
Colour	black
Material	Aluminum, steel, plastic, MPX
Incl. battery	no
Typical leakage resistance	$10^3 < 10^{10}$ Ohm/cm
ESD compliant	yes
