

## ESD precision screwdriver for TORX® screws T15x75mm

---

- For TORX® screws
- Electrostatic dissipative precision screwdrivers protect electronic components from damage
- Ideal for precise and sensitive work on sensitive components
- Suitable for mechanical and electronic work
- Ergonomic 2-component handle with slim shape and soft grip zone enables precise work
- The smooth-running rotating cap enables perfect positioning of the tip for fast, comfortable finger movements when turning
- The printed markings on the handle make it easier to select the correct screwdriver profile
- With burnished tip
- Screwdriver blade made of high-performance steel, chrome-plated, for high corrosion protection and long service life
- Manufactured in accordance with the IEC 61340-5-1 standard. Guarantees maximum protection of electronic components. The screwdrivers have a surface resistance of 10<sup>6</sup> -
