# ESD stool 3, with glides and foot ring, Duotec black fabric, black color ring

Uncontrolled electrostatic discharge is one of the greatest dangers for sensitive components. The ESD versions of the stool system ensure safe discharge before excessive voltages can build up. All components of the stool are designed to be conductive - from the pad to the castor. ESD stools from Bimos are the ideal solution for short-term sitting in ESD areas.

- Comfort upholstery (thickness 60m
- Seat height 560 - 830 mm
- 20 cm seat height adjustment
- only 54 cm diameter
- Aluminum base (polished)
- Ring release
