

Cleanroom stool, with foot release and castors, faux leather Magic black

The cleanroom versions of the stool system comply with the strict air cleanliness class 3 in accordance with DIN EN ISO 14644-1, making the stool a valuable contribution to safe production processes in clean environments. Its ESD suitability (ESD-compliant in accordance with DIN EN 61340-5-1) not only ensures component safety - for example in microelectronics - but also reduces the deposition of particles on the stool surfaces.
