

ESD saddle stool, with castors, imitation leather Magic black

The Bimos ESD saddle stool with castors offers ergonomic comfort and innovative functions for the workplace. Thanks to the intuitive 3D seat dynamics, the stool adapts perfectly to the user's movements to ensure optimum support. The 3-zone upholstery foam ensures a high level of seating comfort, while the seamless and crease-free upholstery ensures an attractive appearance and durability.

This saddle stool is conductive in accordance with EN 61340-5-1 and is therefore ideal for use in ESD-sensitive environments. The seat height can be adjusted from 540 mm to 800 mm to meet individual requirements. The polished aluminum base rounds off the modern design and ensures stability.

With the Bimos ESD saddle stool, employees can work comfortably while benefiting from the innovative features that promote productivity and well-being in the workplace.
