Hi5 X Cut cut protection gloves 4X42B, gray

The Hi5 X Cut cut protection gloves 4X42B in gray from DS Safetywear are the ultimate choice for demanding work. With their PU coating, they not only offer excellent protection against cuts (level B/A2), but also a hard-wearing surface that can withstand abrasion. The good grip on dry and slightly damp surfaces ensures optimum control for various tasks, while flexibility and comfort increase wearer comfort.
These gloves are ideal for assembly work, in the oil and gas industry, steel and aluminum processing and in the glass industry. Thanks to their versatility and durability, they are an indispensable work tool for professionals who value quality.

- PU coating
- 13G cut protection shell offers level B/A2 cut protection
- Thin and durable PU coating offers excellent abrasion resistance
- Good grip on dry and slightly damp surfaces with flexibility and comfort
- Application examples: Assembly, oil & gas industry, steel & aluminum processing, glass industry
