

Hi5 X Cut cut protection gloves 4X43F, black

Discover the ultimate combination of safety and comfort with the Hi5 X Cut cut protection gloves 4X43F in elegant black from DS Safetywear. These gloves are equipped with a nitrile foam coating that provides excellent grip and abrasion resistance. The 15G cut protection shell and nitrile microfoam coated palms provide first-class protection at level F/A6.

Thanks to the touchscreen function, you can also operate your devices while wearing gloves, which further optimizes the user-friendliness of these gloves. Whether for assembly work, in the oil and gas industry, steel and aluminum processing or in the glass industry - the Hi5 X Cut cut protection gloves are your reliable companion.

Experience maximum protection without compromising on comfort. Get the Hi5 X Cut cut protection gloves from DS Safetywear now and work safer than ever before!
