

Hi5 X Basic gloves 3141X, black

The Hi5 work gloves offer excellent protection and comfort for a variety of work environments. Made from durable polyester with a latex coated palm, these gloves are ideal for demanding work environments such as assembly, logistics, construction and gardening.

- **Latex-coated palm:** The latex crinkle coating on the palm provides excellent grip, even on wet or slippery surfaces, and increases the durability of the gloves.
- **Elastic knitted cuff:** The elastic cuff ensures a secure fit and outstanding wearing comfort. It holds the glove securely on the hand and prevents dirt from getting in.
- **Seamless polyester shell:** The seamless processing of the polyester shell not only offers a soft fit, but also excellent dexterity and flexibility, which increases precision at work.
- **Assembly work:** Perfect for precision work where dexterity is required.
- **Logistics & warehousing:** Provides protection and comfort when handling goods.
- **Construction:** Robust design to protect hands when working on construction sites.
- **Gardening:** Ideal for outdoor use, protects hands from injury during gardening and landscaping work.

Item no.	WL85486
Manufacturer	DS SAFETY WEAR
Manufacturer article no.	HI589-9
GPSR manufacturer data	DS SafetyWear Im Rohnweiher 14 DE-53797 Lohmar www.dssafetywear.de
Sales unit	1 pair
Content unit	1 pair
Colour	black
Material	latex
Incl. battery	no
Standards	CE Cat. II EN 388 (3141X): Protection against mechanical risks, including abrasion, cutting, tearing and puncture resistance.
Type of gloves	long finger gloves
Glove size	9
ESD compliant	no
