Grid foam for ESD case K2000 ESD, black, compartment size: 157 x 71 mm

Discover the high-quality grid foam for ESD case K2000 ESD at Weidinger.eu, ideal for electronics production. This dissipative foam made of PU RG 22 in elegant black offers optimum protection for sensitive electronic components. The set, suitable for the ESD case 2432286, consists of a precisely die-cut part (340x265x20 mm, beveled), a base plate (340x245x5 mm) and a nub cut in a ratio of 1:3 (340x245x25 mm).

With item number 2425600, this grid foam is an indispensable accessory for anyone who values safety and order. The conductive properties of the material prevent electrostatic discharge and thus protect your valuable components. Manufactured by Licefa, this product stands for quality and reliability. Rely on Weidinger.eu for your electronics manufacturing needs and secure this essential protection for your ESD cases.
made of PU RG 22 dissipative black, consisting of:
• 1 x punched part 340x265x20 m, beveled
• 1 x blank (base plate) 340x245x5 mm
• 1 x cut nap 1:3 (ratio of nap to base material): 340x245x25 mm

• suitable for ESD case 2432286

Item no.	**WL85619**
Manufacturer	LICEFA
Manufacturer article no.	2425600
GPSR manufacturer data	LICEFA GmbH & Co.KG Lemgoer Strasse 11 DE-32108 Bad Salzuflen www.licefa.de
Length	340 mm
Width	245 mm
