

ESD drawer insert for top-mounted cupboard AFS 236/20, 16 compartments á 61 x 56 x 16 mm

Discover the ESD drawer insert from Licefa at Weidinger.eu, which has been specially developed for the safe storage of sensitive electronic components. With 16 practical compartments, this insert offers optimal organization for your components. Each of the 16 compartments measures 61 x 56 x 16 mm and is ideal for neatly storing small parts.

Made of dissipative polystyrene (PS) in elegant black, the ESD drawer insert ensures reliable protection against electrostatic discharge. The conductivity value is in the dissipative range of $>1 \times 10^4$ to $<1 \times 10^{11}$ ohms, which enables static charges to be dissipated safely.

This drawer liner is compatible with the ESD drawer 8162044 and the ESD surface-mounted cabinet plug-in system type AFS 236/20 (article number 8900105). The item number of the insert itself is 2426169.

Benefit from a well thought-out solution for your electronics production that offers both protection and organization. Visit Weidinger.eu for more information and to order your ESD drawer inlay.
