

ESD drawer insert for top-mounted cabinet AFS 236/20, 56 compartments á 29 x 30 x 16 mm

Discover the ESD drawer insert from Licefa, available at [Weidinger.eu](https://www.weidinger.eu), which has been specially developed for the safe storage of sensitive electronic components. With 56 compartments, this insert offers sufficient space for organized storage. Each compartment measures 29 x 30 x 16 mm and is therefore ideal for small components.

Made of dissipative polystyrene (PS), the drawer insert ensures reliable protection against electrostatic discharge. The conductivity value is in the dissipative range of $>1 \times 10^4$ to $<1 \times 10^{11}$ ohms, which enables safe dissipation of static charges. The black color gives the insert a professional look and fits perfectly into any workshop environment.

This ESD drawer insert is compatible with the ESD drawer 8162044 and the ESD surface-mounted cabinet plug-in system type AFS 236/20 (article number 8900105). The item number of the insert itself is 2426226. Trust in the quality of Licefa and optimize your

electronics production with this practical and safe solution.

- Material: dissipative PS (polystyrene)
- Conductance: (dissipative $>1 \times 10^4$ to $<1 \times 10^{11}$ Ohm)
- Color: black
- Suitable for ESD drawer 8162044
- suitable for ESD surface-mounted cabinet plug-in system: Cabinet type AFS 236/ 20: 8900105
- Compartments: 56
- Compartment size: 29 x 30 x 16 mm

Item no.	WL85717
Alternative article name	TE 56 W-6-10
Manufacturer	LICEFA
Manufacturer article no.	2426226
GPSR manufacturer data	LICEFA GmbH & Co.KG Lemgoer Strasse 11 DE-32108 Bad Salzuflen www.liceфа.de
Length	232 mm
Height	16 mm
Sales unit	1 piece
Content unit	1 piece
Length (compartment)	29 mm
Width (compartment)	30 mm
Height (compartment)	16 mm
Colour	black
Material	PS
Incl. battery	no
Typical surface resistance (Rpp)	dissipativ $>1 \times 10^4$ - $<1 \times 10^{11}$ Ohm
Material storage boxes	plastic
ESD compliant	yes
