# ESD SMD assortment box with 60 boxes and foam grid

Discover the high-quality ESD SMD assortment box from Licefa, available at Weidinger.eu, which has been specially developed for electronics production. With 60 boxes and a practical foam grid, this assortment box offers optimum protection and organization for your sensitive components. Made of dissipative polystyrene (PS), it ensures safe dissipation of electrostatic charges with a dissipative conductance of >1 x $10^4$ to <1 x $10^{11}$ ohms. The black color gives the box a professional look, while the internal dimensions of 153 x 106 x 25 mm provide sufficient space for your components. Each individual box measures 6 x 6 x 19 mm and is non-conductive, allowing for flexible use. The article number 2426663 makes ordering easier. This assortment box is an indispensable accessory for anyone working in electronics production who values quality and safety.

- Material: dissipative PS (polystyrene)
- Conductance: (dissipative >1 x $10^4$ to <1 x $10^{11}$ Ohm)
- Color: black
- Internal dimensions: 153 x 106 x 25 mm
- Single box: 6 x 6 x 19 mm (not dissipative)
