ESD stacking box with snap-on lid, subdivision (height): 46 mm, 115 x 115 x 55 mm

Discover the ESD stacking box 115x115x55 mm from Licefa, available at Weidinger.eu, the ideal solution for the safe storage of sensitive electronic components. This stacking box, article number 2427402, is made of dissipative polystyrene (PS) and offers optimum protection against electrostatic discharge. With a dissipative conductance of >1 x 10^4 to <1 x 10^{11} ohms, it ensures reliable dissipation of static charges, which increases the safety of your electronic components.

The black stacking box has a subdivision of 46 mm in height, which enables organized and space-saving storage. Thanks to its robust design, it is stackable and therefore ideal for use in electronics production. The compact size of 115x115x55 mm makes it versatile, while the high-quality material ensures durability.

Trust in the quality of Licefa and protect your components effectively with the ESD

stacking box from Weidinger.eu.
• Material: dissipative PS (polystyrene)
• Conductance: (dissipative >1 x 10^4 to <1 x 10^{11} Ohm)
• Color: black

Item no.	WL85763
Alternative article name	V3-61-6-6-10-10
Manufacturer	LICEFA
Manufacturer article no.	2427402
GPSR manufacturer data	LICEFA GmbH & Co.KG Lemgoer Strasse 11 DE-32108 Bad Salzuflen www.licefa.de
Length	115 mm
Width	115 mm
Height	55 mm
Sales unit	1 piece
Content unit	1 piece
Colour	black
Typical surface resistance (Rpp)	dissipativ >1 x 10^4 - <1 x 10^{11} Ohm
Material storage boxes	plastic
ESD compliant	yes
