ESD stacking box with hinged lid, internal dimensions: 106 x 75 x 46 mm

Discover the ESD stacking box with hinged lid from Licefa, available at Weidinger.eu. This high-quality stacking box, item number 2428269, is specially designed for electronics production and offers optimum protection for sensitive components. With its internal dimensions of 106x75x46 mm, it is ideal for the safe storage of smaller components.

Made of dissipative polystyrene (PS), the stacking box guarantees reliable protection against electrostatic discharge. The conductivity is in the dissipative range of >1 x 10^4 to <1 x 10^{11} ohms, which enables the safe dissipation of static charges. The black color gives the can a professional appearance and ensures clear identification in the workshop.

The practical hinged lid makes it easy to open and close, while the stacking function allows for space-saving storage. Rely on the quality of Licefa and protect your electronic components effectively with this ESD stacking box.

- Material: dissipative PS (polystyrene)
- Conductivity: (dissipative >1 x 10^4 to <1 x 10^{11} Ohm)
- Color: black

Item no.	WL85768
Alternative article name	V8-5-6-6-10-10
Manufacturer	LICEFA
Manufacturer article no.	2428269
GPSR manufacturer data	LICEFA GmbH & Co.KG Lemgoer Strasse 11 DE-32108 Bad Salzuflen www.licefa.de
Length	106 mm
Width	75 mm
Height	46 mm
Sales unit	1 piece
Content unit	1 piece
Colour	black
Inner length	106 mm
Inner width	75 mm
Inner height	46 mm
Typical surface resistance (Rpp)	dissipativ >1 x 10^4 - <1 x 10^{11} Ohm
Material storage boxes	plastic
ESD compliant	yes
