ESD PP box with snap lock, 32 x 32 x 8 mm

Discover the ESD PP box with snap lock at Weidinger.eu, the ideal solution for the safe storage of sensitive electronic components. This compact box with internal dimensions of 32x32x8 mm is made of dissipative polypropylene (PP) and offers optimum protection against electrostatic discharge. With a dissipative conductance of >1 x 10^4 to <1 x 10^{11} ohms, it ensures reliable dissipation of static charges. The black color gives the box a professional appearance that blends seamlessly into any work environment.

Thanks to the practical snap lock, the box is easy to open and close, allowing quick handling. The article number 2432453 makes it easy to order and identify this high-quality product from Licefa. This ESD PP box is an essential accessory for anyone working in electronics manufacturing who values the protection of their components. Visit Weidinger.eu to find out more about this and other products.
