

ESD Euro box with grip edge, black, 400 x 300 x 220 mm

Discover the ESD Euro box dissipative on Weidinger.eu, ideal for electronics production. With external dimensions of 400x300x220 mm and internal dimensions of 370x270x215 mm, this box made of conductive polypropylene (PP) offers optimum protection against electrostatic discharge. The conductivity is in the dissipative range of $>1 \times 10^4$ to $<1 \times 10^{11}$ ohms, making it perfect for sensitive electronic components. The closed sides and base provide additional stability, while the closed handles enable safe transportation. With a weight of only 1,280 g and a load capacity of 20 kg, this box is both light and robust. The 20 liter capacity offers sufficient space for your materials. In elegant black, the box blends seamlessly into any working environment. Order the ESD Euro box with article number 2443923 from Licefa now and optimize your production processes.

- Material: dissipative PP (polypropylene)
- Conductance: (dissipative $>1 \times 10^4$ to $<1 \times 10^{11}$ Ohm)
- Color: black
- Base and sides closed
- Handles closed

- Internal dimensions: 370x270x215 mm
- External dimensions: 400x300x220 mm
- Weight: 1,280 g
- Capacity: 20 liters
- Load capacity: 20 kg

item number	WL85808
Alternative item description	Euro 2-6-10
manufacturer	LICEFA
manufacturer item number	2443923
GPSR manufacturer information	LICEFA GmbH & Co.KG Lemgoer Strasse 11 DE-32108 Bad Salzuflen www.liceфа.de
length	400 mm
width	300 mm
height	220 mm
order unit	1 piece
content unit	1 piece
Colour	black
Inner length	370 mm
inside width	270 mm
inside height	215 mm
Typical surface resistance (Rpp)	dissipativ $>1 \times 10^4$ - $<1 \times 10^{11}$ Ohm
material	plastic
ESD safe	yes
