

## ESD Euro box with grip edge, black, 600 x 300 x 270 mm

---

Discover the high-quality ESD Euro box from Licefa, available at Weidinger.eu, specially developed for electronics production. With external dimensions of 600x400x270 mm and internal dimensions of 570x370x265 mm, this box offers generous storage space of 56 liters. Made of dissipative polypropylene (PP) in elegant black, it guarantees optimum protection against electrostatic discharge. The conductivity is in the dissipative range of  $>1 \times 10^4$  to  $<1 \times 10^{11}$  ohms, making it ideal for sensitive electronic components.

The ESD Euro box impresses with its robust design with closed base and side surfaces as well as closed handles, which enable a load capacity of up to 20 kg. Weighing just 2,040 g, it is easy to handle and yet stable. The article number 2443930 makes it easy to order on Weidinger.eu. Trust in the quality of Licefa and protect your electronics effectively and reliably.
