

ESD SMD box N2, 37 x 12 x 15 mm, red/transparent vaporized

Discover the ESD SMD Box N2 at Weidinger.eu - the ideal solution for the safe storage of SMD components. This innovative hinged box, also known under the German trademark protection "Mäuseklo" (No. 3020110671729), offers optimum protection against electrostatic discharge. The base is made of robust, dissipative ABS, which impresses with its dissipative properties (conductance: $>1 \times 10^4$ to $<1 \times 10^{11}$ Ohm) in red. The transparent hinged lid made of SAN has a dissipative vapor coating and is equipped with a spring support that enables defined opening and closing. With internal dimensions of 12x37x15 mm and external dimensions of 29.4x42.4x21.0 mm, the box offers sufficient space for your components. The article number 8150066 makes it easy to order. Manufactured by Licefa, this product stands for quality and reliability in electronics production. Perfect for anyone who values safety and tidiness.
