

ESD SMD drawer for AFS 340/22 enclosure, incl. 36x SMD box N3

Discover the ESD SMD drawer, available at [Weidinger.eu](https://www.weidinger.eu), specially developed for the AFS 340/22 surface-mounted enclosure. This high-quality drawer, article number 8900054, is made of dissipative polystyrene (PS) and offers an optimum conductance in the range of dissipative $>1 \times 10^4$ to $<1 \times 10^{11}$ Ohm. The black color ensures an elegant look and fits perfectly into any electronics production.

The drawer is equipped with an SMD block containing 36 SMD boxes N3 (8159043), ideal for the safe and organized storage of your SMD components. The hinged lid made of PS, ESD-CON, in black and the lower part made of ABS, ESD-DIS, in yellow offer additional protection against electrostatic discharge.

With internal dimensions of 340x250x22 mm, the drawer offers sufficient space for your electronic components. Please note that license plates are not included in the scope of delivery. Manufactured by Licefa, this product stands for quality and reliability in electronics manufacturing. Perfect for anyone who values safety and organization.

- Drawer material: dissipative PS (polystyrene)
- Conductance: (dissipative $>1 \times 10^4$ to $<1 \times 10^{11}$ Ohm)
- Color: black
- with inserted SMD block consisting of 36 x SMD Box 03 (8159043)
- UT: ABS, ESD-DIS, yellow
- Hinged cover: PS, ESD-CON, black
- for surface-mounted enclosure AFS 340/22, without license plates
- Drawer LxWxH, inside, each: 340x250x22 mm

Item no.	WL85964
Manufacturer	LICEFA
Manufacturer article no.	8900054
GPSR manufacturer data	LICEFA GmbH & Co.KG Lemgoer Strasse 11 DE-32108 Bad Salzuflen www.liceфа.de
Length	340 mm
Height	22 mm
Sales unit	1 piece
Content unit	1 piece
Colour	black
Material	PS
Incl. battery	no
Typical surface resistance (Rpp)	dissipativ $>1 \times 10^4$ - $<1 \times 10^{11}$ Ohm
Material storage boxes	plastic
ESD compliant	yes
