

WTMP MS micro soldering iron, incl. soldering tip with safety rest, 40 W, 12 V

Production in electronics, medical technology and aerospace is progressing, components are becoming ever smaller and more complex, and with it the need for precise micro soldering tips.

Weller RT micro soldering tips:

Versatile use for micro and standard components

Ideal for small to medium-sized solder joints with medium power requirements

Suitable for aerospace, electronics, military and automotive industries

Potential-free MS versions meet IPC and MIL-SPEC standards

- Micro soldering iron
- Set with tip and safety rest
- RTM tip family
- Military standard
- For very small components with high energy requirements

Products for the electronic industry

- For miniature work under the microscope
- RT soldering tips are quick and easy to replace
- Active Tip (cartridge) system enables the soldering tip to be changed even when the soldering iron is hot
- Extremely short heat-up time, 5 sec.
- Standby function

Item no.	WL86214
Model	WTMP
Manufacturer	WELLER
Manufacturer article no.	T0052924199
GPSR manufacturer data	WELLER Tools GmbH Carl-Benz-Strasse 2 DE-74354 Besigheim www.weller-tools.com
Length with packaging	320 mm
Width with packaging	175 mm
Height with packaging	160 mm
Scope of delivery	WTMP MS Micro soldering iron, 40 W, 12 V; RTM 013 S MS Micro soldering tip; WSR 205 Safety rest with Stop & Go function
Sales unit	1 piece
Content unit	1 piece
Incl. battery	no
Power	40 W
Voltage	12 V
Heating time	5 s
Temperature range °C	100 – 450 °C
Temperature range °F	150 – 950 °F
ESD compliant	yes
