

ESD bag, pink, 255 x 430 mm

The pink ESD bags from SafeGuard are the ideal solution for the professional packaging of products within an ESD protection zone. With a size of 255 x 430 mm, they offer sufficient space and primarily serve as dust protection. The bags are made of polyethylene and bear the ESD and recycle symbol as well as the lot number and SafeGuard logo. They are amine-free, weldable and permanently dissipative. There are 100 of the pink bags in a pack. The properties of the packaging are dissipative, but they are not resealable. These ESD bags comply with ESD requirements and therefore guarantee safe protection for your products in sensitive environments.

- Polyethylene pink with ESD and recycle symbol, LOT no.
- amine-free, weldable, permanently dissipative

Item no.

WL86767

Manufacturer

SAFEGUARD

Products for the electronic industry

Manufacturer article no.	WL86767
GPSR manufacturer data	Weidinger GmbH Hertha-Sponer-Str. 1a DE-82216 Gernlinden
