

## ESD CV MicroFine forceps handpiece

---

- 
- Suitable for Metcal CV systems (Connection Validation)
  - Optimized for micro soldering applications under the microscope
  - Compatible with the MFT cartridge series
  - Extremely light (less than 30 g) and ergonomically shaped
  - Compact design: 98 mm × 27.5 mm × 18.5 mm
  - Adjustable tip alignment for maximum precision
  - For cartridges with different temperature ranges (600, 700, 800 series)
  - Inductive heating system with constant temperature control by SmartHeat®
  - Ideal for applications in the high-end SMD sector

Item no.	WL87170
Manufacturer	METCAL
Manufacturer article no.	CV-H10-MFT

GPSR manufacturer data	OK International Ltd Eagle Close, Chandlers Ford GB-SO53 4NF Hampshire www.metcal.com
Width	27.5 mm
Height	18.5 mm
Sales unit	1 piece
Content unit	1 piece
Colour	black
Handpiece (type)	soldering tweezers
Temperature range °C	357 – 468 °C
Matching tips	MFT
Matching control unit	CV
ESD compliant	yes
