CPU holder for Concept Ergo

The CPU holder is a space-saving mounting solution for securely holding compact computer housings and allows the CPU to be mounted off the floor while still providing accessibility. It can be mounted either on the inside or outside of the desk frame, allowing flexible integration into different workstation configurations. With a load capacity of up to 5 kg, the holder ensures stable mounting and supports a structured, efficient working environment.

- Infinitely height-adjustable
- Load capacity 20 kg
- Can be mounted inside or outside

can be mounted inside or outside

Item no.	**WL87736**
Manufacturer	TRESTON

Manufacturer article no.	CPUCE-49
GPSR manufacturer data	Treston Deutschland GmbH Frankfurter Str. 101 DE-65479 Raunheim www.treston.de
Width	144 mm
Height	50 mm
Depth	450 mm
Sales unit	1 piece
Content unit	1 piece
Colour	light grey
Load capacity	20 kg
ESD compliant	yes
