

TORX® bit socket set, with holding function, 6-piece

TORX® bit socket set with holding function for particularly convenient screwing with reduced risk of screw loss when feeding to the workpiece.

- Compact, textile box with high robustness. Low weight, low volume
- Bit sockets (non-impact) for manual or machine operation
- The holding function holds screws securely on the tool
- Knurling at the rear end of the socket for a good grip when used by hand
- With Take it easy tool finder: color coding according to size

Item no.	WL88234
Model	8767 C TORX® HF 2 Zyklus
Manufacturer	WERA
Manufacturer article no.	05004211001
GPSR manufacturer data	WERA Werkzeuge GmbH
