

Wera 2go 2 tool container, 3-piece

With its Velcro system and compact size, the Wera 2go tool container is the ideal solution for individual and convenient tool transportation. The internal and external Velcro zones ensure extremely high space utilization. This means that an incredible amount of tools fit in and on the container. Wera 2go 2 ensures light luggage, because only the tools you really need are taken along. The robust and dimensionally stable material protects the tools from damage and moisture and increases the service life of the tool container. The padded and adjustable wide carrying strap and the close-fitting position of the container make it comfortable to carry. Hands remain free during transportation. Includes quiver with individually adjustable Velcro divider for screwdrivers and other tools.

- Wera 2go tool container with internal and external Velcro system
- Individually configurable for high mobility
- Also ideal for docking the textile Wera boxes and bags with fleece zone
- Easy to put away and remove
- Hands remain free during transportation
