

Interchangeable blade Take it easy SB, # 1 x 157 mm

VDE blade for Kraftform compact handle/interchangeable blade system. Combination profile slotted and Pozidriv, especially for use with terminal blocks, fuse boxes, switches, relays. Lightning-fast blade replacement without special tools. Piece-tested tools in accordance with IEC 60900. 10,000 V piece test for safe working at the approved voltage of 1,000 V. Reduced blade diameter with integrated protective insulation, so low-lying screw and spring elements can be reached and operated. The Wera Black Point tip offers a precise fit and optimized corrosion protection. With Take it easy tool finder: color coding according to profiles and lasered size information. The hexagonal roll-off protection prevents the blade from rolling away unintentionally.
