Hex key set, imperial, BlackLaser, 9-piece

9 offset wrenches with plastic coating (SPKL) made from easy-to-grip round material. The coating makes work comfortable even at low temperatures and is easy on the fingers. All offset wrenches are color-coded and size-coded for quick access. The non-wearing material of the clip guarantees that the angle wrenches are held securely and are easy to remove. For hexagon socket screws. Short version.
